

# GunJet® Spray Guns • High Pressure

SPRAY GUNS

**30A**

Pressure: 1500 psi (105 bar)  
Capacity: 5 gpm (19 l/min)  
Temperature: 200°F (93°C)

1/4" NPT or BSPT (F) inlet conn.  
11/16"-16 THD outlet conn.

**CW1500A**

Pressure: 1500 psi (105 bar)  
Capacity: 10 gpm (38 l/min)  
Temperature: 300°F (150°C)

1/4", 3/8" NPT or BSPT (F)  
inlet/outlet conn.

**60**

Pressure: 2500 psi (175 bar)  
Capacity: 6 gpm (23 l/min)  
Temperature: 300°F (150°C)

3/8" NPT or BSPT (F) inlet conn.  
11/16"-16 THD outlet conn.

**80**

Pressure: 3000 psi (210 bar)  
Capacity: 10 gpm (38 l/min)  
Temperature: 300°F (150°C)

3/8" NPT or BSPT (F) inlet conn.  
11/16"-16 THD or 1/4", 3/8" NPT or  
BSPT (F) outlet conn.

**PW4000A**

Pressure: 4000 psi (275 bar)  
Capacity: 10 gpm (38 l/min)  
Temperature: 300°F (150°C)

1/4", 3/8" NPT or BSPT (F)  
inlet/outlet conn.

**PW4000AS**

Pressure: 4000 psi (275 bar)  
Capacity: 10 gpm (38 l/min)  
Temperature: 300°F (150°C)

3/8" NPT or BSPT (F)  
swivel inlet conn.  
1/4", 3/8" NPT or BSPT (F) outlet conn.

## ACCESSORIES

- Extensions (see pages 398-402)
- Swivel Connectors (see pages 404-406)
- Inlet/Outlet Adapters (see page 403)

See Section L for more info.

## COMMON APPLICATIONS

- High pressure cleaning
- Adhesive spraying
- Lubricating
- Car wash applications
- Pressure washes

## DESIGN FEATURES

GunJet spray guns are available in many different designs ranging from high pressure to low pressure. GunJet spray guns are designed for use with UniJet® spray tips, available in a wide selection of spray patterns and flow capacities.

Adapters for GunJet spray guns convert the outlet from any standard thread to a choice of outlet connection

sizes, allowing the attachment of many optional accessories.

Standard one-piece spray nozzles, such as VeeJet® flat spray nozzles, can be used with GunJet spray guns in conjunction with proper adapters.

### 30A

The Model 30A GunJet is a heavy-duty impact-resistant spray gun with a sturdy nylon handle and trigger guard.

Features include:

- Responsive and easy to operate even at maximum flow and pressure conditions.
- Light trigger pull provides positive control.
- Heat-resistant handle remains comfortable even at high temperatures.
- Trigger lock feature locks in the "off" position to prevent

accidental discharge and retracts flush into the handle when the gun is in use.

- Buna-N® stem seal, TEFLON® valve seat, stainless steel shut-off needle, and forged brass valve body.
- Optional "weep" feature to help prevent freezing. (Model 30W)

Request Data Sheet 19830.

# GunJet<sup>®</sup> Spray Guns • High Pressure

SPRAY GUNS

## DESIGN FEATURES

### CW1500A

The CW1500A GunJet spray gun is specifically designed for car wash applications.

Features include:

- High-impact nylon handle, forged brass body, stainless steel working parts, and VITON<sup>®</sup> O-rings.
- Bottom trigger pivot reduces hand fatigue.
- Optional weep feature prevents freezing in cold weather. (Model CW1500AW)

### 60

The Model 60 GunJet spray gun is a heavy-duty impact-resistant spray gun with a sturdy nylon handle and trigger guard.

- The features are similar to the Model 30A GunJet spray gun except for the materials and maximum pressure rating.

- VITON stem seal, stainless steel shut-off needle, and forged brass or stainless steel body.

Request Data Sheet 18208.

### 80

The Model 80 GunJet is a heavy-duty impact-resistant spray gun with a sturdy nylon handle and trigger guard.

- The features are the same as the Model 30A GunJet spray gun except for the materials and the maximum pressure rating.

- VITON stem seal, stainless steel shut-off needle, and forged brass valve body.

Request Data Sheet 17734.

### PW4000A

The Model PW4000A GunJet spray gun is a durable high pressure spray gun that offers exceptional operator comfort and control, even at maximum flow and pressure conditions. Features include:

- Unique trigger design reduces hand fatigue by making trigger pull easier with better leverage than other similar guns.

- The basic features are the same as the Model 30A GunJet spray gun and CW1500A GunJet spray gun,

except for the materials and maximum pressure rating.

- VITON stem seals, and forged brass body with stainless steel working parts.

Request Data Sheet PW4000A.

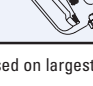

### PW4000AS

The Model PW4000AS GunJet spray gun combines high pressure spray capabilities with operator comfort and control. The gun's bottom trigger pivot reduces hand fatigue and the inlet swivel eliminates hose twisting.

- The other features are the same as the PW4000A GunJet.

Request Data Sheet PW4000AS.

## DIMENSIONS & WEIGHTS

	Spray Gun Type	Length	Width	Height	Net Weight
	30A	8"	1-1/8"	6-9/16"	15 oz.
	CW1500A	8-3/8"	1-1/4"	7-3/4"	1.5 lbs.
	60	8-3/4"	1-7/16"	6-1/2"	1lb.
	80	9"	1-5/8"	6-7/8"	2.25 lbs.
	PW4000A	8-3/4"	1-1/4"	7-3/4"	24 oz.
	PW4000AS	8-3/4"	1-1/4"	7-3/4"	24 oz.

Based on largest/heaviest version of each type.
